ABSTRACT SUBMISSION

Carefully read the guidelines in this announcement before submitting your abstract. Acknowledgement of receipt of your submission will be returned to your email address immediately upon submission. If you do not receive the e-mail, your submission was not completed and your abstract needs to be re-submitted.

SUBMISSION GUIDELINES

Abstracts must be written in English or French and the presentations must be in English or French. Accepted abstracts selected by expert reviewers will be presented in oral sessions or displayed in the posters area all meeting long.

In order to make the abstract as informative as possible, please include a brief statement of the purpose of the study, the method used, the result observed, and the conclusions based upon the results. You may subtitle the paragraphs in bold format in the following order: Background, Method, Results, and Conclusion.

The abstract title and body text should only include pharmacopeia names. Trade names are not allowed. Non-proprietary (generic) names of drugs, written in lower case, are required at the first place a drug is mentioned. References, credits or the authors' academic degrees or grant support must not be included in the abstract. Standard abbreviations may be employed in the text. Place special or unusual abbreviations in parentheses after the full wording at the first time it appears in the body of the text. It is the author's responsibility to submit a correct abstract. Any errors in spelling, grammar, or scientific fact will be reproduced as typed by the author.
